

Gary L. Brinderson

Gary L. Brinderson is the Chairman of Brinderson, an engineering and construction company he founded in 1965.

Mr. Brinderson graduated summa cum laude with an MBA from Pepperdine University. He is also a graduate of the Advanced Management Program and alumnus of Harvard Graduate School. He is a former Chairman of the Board of YPO (Young Presidents' Organization) for the Southern California Chapter. He is a former Board of Director of WPO (World Presidents' Organization) for the Orange County Chapter and an alumnus of CEO (Chief Executives' Organization). The emphasis of these groups is on educating their members not only in business but also in geopolitical matters of countries and cultures around the world. He is a former Chairman of CIPF (Construction Industry Presidents' Forum). This organization, made up of the top 100 engineering and construction firms in America, represents 50% of an industry with 1,000,000 competitors. He is Chairman of The Executive Committee (TEC) on Campus at Pepperdine University's School of Business and Management and Chairman of The Executive Committee (TEC) on Campus at Hautes Études Commerciales (HEC) MBA Program in Paris, France. He also sits on the International Advisory Board for Hautes Études Commerciales

Brinderson has performed engineering, procurement, and construction work for such Fortune 100 industrial companies as Shell, ExxonMobil, BP, ChevronTexaco, Dow Chemical, Akzo Nobel, Rhone-Poulenc, General Motors, Anheuser-Busch, Sony, Temple-Inland, Kaiser, Kimberly-Clark, and Mitsubishi. Engineering News-Record Magazine has ranked Brinderson in the Top 400 engineers and constructors for over three decades.

Some of the most significant accomplishments of the company include alliances on major programs for ExxonMobil, ChevronTexaco and BP; building the largest desalinization plant ever built in the U.S. (built to process over 70 million gallons per day); constructing a dry-dock for the Trident Submarine and Support Facilities in Kings Bay, Georgia; and various coal, gas and hydro power plants. The company has also built water treatment projects that process over 670 million gallons of reclaimed water per day, representing nearly 10% of the water used in America today. Brinderson was a minority partner in an \$800,000,000 design-build highway contract, the largest single contract ever awarded in America at that time.

Mr. Brinderson is also an equity investor in private companies in food processing, software, transportation, real estate, and additionally owns a company in the UK that specializes in secondary market ticket sales.

Mr. Brinderson has been married for 45 years and has four children and eight grandchildren. His family represents the most important part of his life.

Sandra L. Young

Sandra L. Young joined Brinderson in 2010 and is responsible for Mr. Brinderson's real estate endeavors and sourcing and evaluating strategic add-on opportunities for the core operating company. Prior to joining Brinderson, Sandra worked for the Fieldstone Group Companies since 2004 in various capacities, including Director of Investor Relations and Corporate Controller. Prior to that time, she was a Senior Manager with the Mergers & Acquisitions Services group of Deloitte & Touche LLP. Sandra is a Certified Public Accountant and is a member of the American Institute of Certified Public Accountants. She graduated with a Bachelor's Degree in Business Economics from the University of California, Los Angeles, and has an M.B.A. from The Anderson School at UCLA.
